COMPLYING WITH NEW JERSEY STORMWATER REGULATIONS

Join the professional staff from the Rutgers Cooperative Extension (RCE) Water Resources Program at this workshop hosted by the Association of New Jersey Environmental Commissions (ANJEC) and sponsored by the New Jersey Department of Environmental Protection and the William Penn Foundation. The program will highlight steps to guide you and your municipality to ensure that new development is in compliance with the New Jersey stormwater management regulations. We will also focus on the importance and benefits of inventorying your municipality's stormwater infrastructure while complying with the state's MS4 permits.
