

EcoFair

— 2023 —

It is never too early to start thinking about giving back to the community. As young STEM professionals, it is our obligation to help make the world a better place. Come to the Eco fair and meet nonprofit organizations from all over New Jersey. Mingle with like minded individuals and learn what these altruistic groups are all about, and how you can work with them to improve the quality of life for all people and protect the planet for generations.

Food and refreshments will be provided, and the first 75 students will get EcoFair t-shirts!
