

Design A Rain Garden!

Name: _____

INSTRUCTIONS:

Now that you have learned all about rain gardens, it is your turn to design your very own rain garden on your own. Please design your own rain garden using the "Design Your Rain Garden" paper. Please be sure to include the following in your rain garden design:

- Your first and last name.
- Your definition of a rain garden.
- At least one plant for the rain garden's buffer zone (make sure to label your plant).
- At least one plant for the rain garden's slope zone (make sure to label your plant).
- At least one plant for the rain garden's base zone (make sure to label your plant).
- Make it colorful – use colored pencils or markers!

Your rain garden design is due at the end of the class period.
